

A Bible Believing View of Calvin and Arminius!

By: David A. Sargent

Calvin and Arminius both had it wrong! Not one of Calvin's five points was right in the way a Calvinist views them. Arminius believed that a person that was given the gift of eternal life could lose it! This is also just as wrong!

I have wrongly been called an Arminian and a Pentecostal! Of which neither are correct. I believe eternal life is eternal and because you did nothing to get it, you can do nothing to get rid of it. If you believe something can make you lose it, then you trust in that something to get it. If salvation is based on anything else but the blood atonement of Jesus Christ and THAT ALONE; then you are trying to earn it!

The sign gifts that Pentecostals rave about so much are not working in the body of Christ today. On the other hand Calvinism is a totally fictitious cult of which damns people to hell trusting in being in the elect instead of ONLY in Jesus Christ for salvation. Both groups are relying on Jesus Christ PLUS something else! If that is the case, neither is saved!

Calvinist trust in being in the elect before they trust Christ! This is not Christ ALONE for salvation! They are trying to earn it by being in the elite elect before they are IN CHRIST!

Arminians trust in works to keep ETERNAL life, and therefore are relying on works to save them! This is not Christ ALONE for salvation! They are trying to earn it by not committing the unpardonable sin!

Salvation is only found in the PERSON of Jesus Christ! Not in being chosen in a few selected elite individuals before creation! It is not limited to a few! It is not limited to only save you if you have not committed certain sins!

God is much greater than either Calvin or Arminius could have ever thought. If your thinking has been perverted by these two cults consider what you are "trusting in" to get you to heaven and trust ONLY in the FINISHED WORK OF THE LORD JESUS CHRIST!

Calvinism is pagan fatalism with their pentagram points that spells out PULIT! Because they are pulling your leg! These consist of: Perseverance of the Saints, Unconditional Election, Limited Atonement, Irresistible Grace and Total Depravity. This pentagram philosophical fatalistic blather frustrates the newly saved individual because these five are logically joined together on the basis of election prior to time. Thus the Calvinist frustrates the very space / time continuum; making themselves finished IN CHRIST before they are every STARTED IN THIS LIFE! This premise thus being faulty; everything thereafter (all the other points) are also very faulty! The reasoning used to build this looking glass that they peep through to read the Scriptures is one of INDUCTIVE REASONING. This is the same reasoning that the ALEXANDRIAN CULT uses; all PAGANS use and can NOT bring a sound understanding or a proper reasoning. Sound principles of Reason, MUST be DEDUCTIVE in their approach without which there is left madness and lunacy of the INDUCTIVE method. This was the very approach of Westcott and Hort, as is with many cultists.
