It has come to my attention that this passage has some unique constructs in the Bible found in a King James Bible that is the Authorized Version. The Bible Believer always vindicates the truth found in the Bible and NEVER does the Bible Believer attack the Bible or misuse the Bible by attaching certain passages to other passages that do not belong together. An example of this is to apply doctrinally the things associated with the local Churches in Revelation 2 and 3 with Paul's seven churches because Paul is writing to the Body of Christ and John is writing to the local churches. This distinction is important because after the rapture of the Body of Christ; the local churches will still be here on earth filled with only lost people; and some local churches more than others. The fact is during the church age there are born again believers that make up the Body of Christ or what we would consider the Church "proper" and then there is the local church which can be separated to two different themes: one is the assembly where we are meeting together and two the actual meeting place. It is true you can meet in a home; but that does not make that home a church and in this case this reference is not true; however it is true that were two or more believers are meeting that group is the church. Nevertheless it is also true that lost people or unbelievers can meet with us in the assembly of the church and in the local church building. So there are three very distinct understandings of the church.

After the rapture of the Church or the Body of Christ; the local church will still be meeting in the church buildings and will NOT be any part of the Body of Christ which means they will be lost people. I hope this is clear and understood because John is writing to the local churches; and doctrinally cannot be writing to the Body of Christ. This is obvious from the statements in context written to each of the churches in Revelation 2 and 3. In typology however there is a pattern expressed in Revelation where these local churches represent two time periods separated by the two chapters; and in chapter 4:1-2 there is a type of the rapture where John is caught up in the spirit and though this is only a type as the actual rapture we will be physically caught up.

Revelation 13:4, "And they worshipped the dragon which gave power unto the beast: and they worshipped the beast, saying, Who is like unto the beast? who is able to make war with him?" Here they worshipped the **DRAGON**; and the word "**beast**" is in the verse 3 times at word 11, 16 & 23. So that the chapter and verse and these word numbers equal 67; and 6 + 7 = 13. (13 + 4 + 11 + 16 + 23 = 67)

Here the key element of the 42 months or 3 ½ Years that this beast is allowed to **continue**. In order to continue he had to have been around already prior to any continuation. He shows up in Chapter 6 and is around just prior to this during the Church age so that this person has three titles which are "the Antichrist" in 1 John 2:18 and "the man of sin" 2 Thessalonians 2:3 and "the son of perdition" also in 2 Thessalonians 2:3 and John 17:12. This is NOT Judas Iscariot; as this human died and went to hell and will not be raised up from there. The spirit of antichrist is a lying spirit of deception and error (1 John 4:1-6). There are many antichrists in the world, but there is ONE that is THE Antichrist and he is not going to be reincarnation of Judas Iscariot because there is no such thing as reincarnation.

| This is not saying people's names are not written   |     |  |  |  |  |  |  |

| was slain from the beginning of the world either!   |     |  |  |  |  |  |  |

This verse is not only misunderstood but is also perpetrated as a doctrinal statement among some that espouse the damnable doctrines of Calvinism. Notice that while they are worshiping HIM. Now notice the clauses: "And all that dwell..." is this all as in everyone that is there or just a group of people that did this? "...upon the earth..." so is this earth the same as the later world? "shall worship him," is this shall an imperative or is it preconceived? "...whose names are not written..." Were there names not written? Or ARE their names not written? "...in the book of life..." Are there names written in the book of life prior to them living? "...of the Lamb..." are the names of the Lamb or the book of life of the lamb? Is this lamb the same as the Lamb of God that takes away the sins of the world? "...slain from the foundation..." Was the Lamb slain prior to the creation or in front of the foundation? "...of the world." Is this the earth or the world system or the masses of people?

These questions need to be answered if the truth of this verse is to be understood in light of verse 14 and Revelation 17:8, "The beast that thou sawest was, and is not; and shall ascend out of the bottomless pit, and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the book of life from the foundation of the world, when they behold the beast that was, and is not, and yet is." Which is a lie of the beast to give the people no hope: notice they wonder this when they behold the beast that appears to have been raised from the dead. This is important to understand because these verses are used to teach the preexistence of souls and that souls were there being elected by God to heaven and hell. This lie will be perpetrated on them during the tribulation to give NO HOPE.

Verse 9 had 9 words and 27 letters which is 3 X 9 and 27 X 37 = 999. I am sure this is just a coincidence. Nothing to it I'm sure; & 13 X 9 = 117 & 1 + 1 + 7 = 9.

The deception is in order and established by the Calvinistic idea that they were not elected in book of life before the creation of the earth. So they have no hope and expectation of ever going to heaven which is not true.

Word 3 is "wisdom" & word 8 "understanding" and word 9 is "count" and word 11 is "number" and word 14 is "beast" and word 19 is "number" and word 25 is "number" and word 27 is "Six" and word 31 is "six".

The number of words is the inversion of the chapter and the number in the verse is Six hundred threescore and six or 666 which is  $3 \times 6 = 18$  (verse 18) and  $18 \times 37$  is 666. What is important here is to "count" the number.  $6 \times 6 = 36$  & all the numbers from 1 to 36 added together is 666. Counting is a sequential, consecutive

and progressive numerological task. It is not setting numeric values to letters although this is also a way to count the name and a valuation of those letters that make up the name.
