

Why I am NOT a Mormon

By: David A. Sargent

I read all kinds of stuff: if I want to know the TRUTH about Mormonism I READ THEIR BOOK: when they come to visit: I set them down and open my Book Of Moron (BOM) and they see how MARKED UP it is, they get nervous. I show them the ERRORS about the BOM like:

The FACT that it SAYS it was written in Egyptian in at least three different passages: yet there are not any Egyptian transliterated words; however, there ARE transliterated Greek & Hebrew words: how is this POSSIBLE given it is a translation from Egyptian? They have no answer!

Another issue I point out to them is that there are whole passages quoted verbatim from a King James Bible. Now those of us that know something about linguistics know that in translation you have to add words for the sense in the English, these words were put in ITALIC in the King's Bible. YET in the BOM we find the exact same words only no italic. NOW, how did those words GET over there given this is a completely different translation from some unknown golden plates? They have no answer!

And lastly, the translation done in the Bible especially of proper names was done by transliteration which means that you take the phonetics of one language and bring that over using the letters of the new language that SOUND like the original language so: in the Old Testament a proper name such as יַעֲקֹב (Yā'āqōb: yah-ak-obe'), comes out from Hebrew to English as Jacob: however in the New Testament the transliteration from Hebrew to Greek Ἰακώβος and then into English renders as James by alteration Ἰακώβ as Jacob nevertheless they are the same word in Greek; יְהוֹשֻׁעַ (Y^hōwshū'a: yeh-ho-shoo'-ah) Joshua as Jesus (Ἰησοῦς: Iēsōus: ee-ay-sooce') and יֵשׁוּעַ (Y^hsha'yāh: yesh-ah-yaw. OR יְהוֹשֻׁעַ (Y^hsha'yāhūw: yesh-ah-yaw'-hoo) Isaiah as Esaias (Ἡσαΐας: Hēsaiās: hay-say-ee'-as), etc. SO, how do we get the proper names of these things showing up in a book translated from EGYPTIAN? Have you EVER SEEN Egyptian? It is NOT an alphabetic language: it is a pictorial language (the best example I have that will copy on FB is: ☺ ♀ ☀ ♣ □ ♥ ♪ 🎵 🌀 ♂ ☯ 🎮 ♣ 🎯 ♠ 🏠), and therefore leaves room for GREAT AND WIDE SPECULATION IN TRANSLATION: (Egyptian: :𐎏 :𐎍𐎎𐎏 𐎎𐎏𐎎 𐎏𐎎𐎏 𐎏𐎎𐎏 𐎏𐎎𐎏𐎎: 𐎏 :𐎍𐎎𐎏 𐎏𐎎𐎏 𐎏𐎎𐎏 𐎏𐎎𐎏 𐎏𐎎𐎏𐎎 𐎏𐎎𐎏𐎎: :𐎏 Translation: Hi how are you doing? I hope you are doing well.) Where you would NEVER get an exact transition etymologically in translation or an exact spelling through transliteration as you would from Hebrew to English or Greek to English or Hebrew to Greek to English: it would be altogether DIFFERENT as we have proved between Hebrew and Greek! They NEVER have an answer for any of these things!

Knowing the TRUTH will ALWAYS reveal the ERROR! Knowing the ABSOLUTE TRUTH found in the KING JAMES BIBLE will ALWAYS reveal the LIES of everything ELSE!

Here is some Egyptian Language on:

Handwritten text in a cursive script, likely a form of Arabic or Persian, arranged in seven vertical columns. The script is dense and characteristic of historical manuscripts.

The Book of Mormon is a Hoax!
