

The Breakdown of 6, 7, 37, 111 & 666

By: David A. Sargent

1. The Binary of 7 is 111, and $3 \times 37 = 111$
2. The 6 x 6 Matrix has the value 111. When Started at 6 and Incriminated by 6 it is 666.
3. The product of 6 x 6 is 36. The 36th Δ has the value 666.
4. 6 is the number of man who is fallen short from God who is a 7. This falling short is also found in the number 36 in relationship to its next number 37. As seen the 36th Δ has the value 666. When adding just one number to this series making the 37th Δ and has the value of 703. Amazingly the 36th Δ is 3 sixes and the value of the 37th Δ has the same numbers in it as 37 in reverse with the 0 in the middle. It almost looks like JOY. Jesus first, Others second, and Yourself last: or Jesus on one side, You on the other side, and NOTHING (0) between You and Jesus.
5. 37 also is a factor of all triple repetitive digit numbers.
6. Amazingly 666 shows up in a verse clearly MARKED as 3 x 6 or 18. And $18 \times 37 = 666$ also $6 + 7 = 13$, so a man that tries to be like God will be a curse. So the beast shows up as a man in Revelation 13:1 through 18 where his number shows up.
7. The wrap around shows $7 + 7 + 7 = 21$ and $21 \times 37 = 777$ which is 3 sevens.
