

THE MARK 666

By: David A. Sargent

The mark of the beast is not the same as the number; so don't be alarmed by the title of this study. We will be dealing with the number of the beast for this and within the mark there is an association to the number so the title is not that far off from the "mark"!

$$\mu = \frac{\Delta^3 \times \Delta}{2} = \frac{6^3 + 6}{2} = 111$$

Counting the Numbers and some of the 6's in the Bible:

Genesis 6:6, "And it repented the LORD that he had made man on the earth, and it grieved him at his heart."

(Notice the Verse and Chapter is 6)

Ezra 2:13, "The children of Adonikam, six hundred sixty and six."

(Notice the Verse is 13, and his name means Lord of Rebellion!)

13's in the Bible:

Genesis 17:25, "And Ishmael his son was thirteen years old, when he was circumcised in the flesh of his foreskin."

(Notice the Chapter and Verse: $1+7+2+5 = 15$ & $1+5=6$)

Proverbs 6:16, "These six things doth the LORD hate: yea, seven are an abomination unto him:"

(Notice the Chapter and Verse: 6 & $1 + 6 = 7$ & $6 + 7 = 13$)

Genesis 10:8-10, "And Cush begat Nimrod: he began to be a mighty one in the earth. He was a mighty hunter before the LORD: wherefore it is said, Even as Nimrod the mighty hunter before the LORD. And the beginning of his kingdom was Babel, and Erech, and Accad, and Calneh, in the land of Shinar."

(Nimrod is the 13th from Adam! His name means Leopard! [See Revelation 13])

How God Uses Numbers: The DAYS to YEARS rule:

Numbers 14:34, "After the number of the days in which ye searched the land, even forty days, each day for a year, shall ye bear your iniquities, even forty years, and ye shall know my breach of promise."

(So for 40 DAYS of searching out the land they were given 40 years in the wilderness) (Ezekiel 4:6; Isaiah 34:8; Isaiah 61:2; Isaiah 63:4.)

The 12 Dispensations:

1. Luciferian (rise and fall)
 2. Re-Creation
 3. Edenic (innocence)
 4. Adamic (sin)
 5. Noadic (judgment)
 6. Abrahamic (promise)
 7. Mosaic (law)
8. Church Age (faith without works)
9. Tribulation (faith and works)
10. Messianic Kingdom
11. Draconian (Gog & Magog – 2nd Resurrection)
12. New Heavens & New Earth

The X Factor!

Next we will be examining a mark and a couple of particular numbers. The letter that usually marks the spot is “X” and also commonly used to represent the unknown in language and math. The letter “X” is the 24th letter in the alphabet. Uniquely this number can be represented by 4×6 or $6 + 6 + 6 + 6$. Another strange thing about this number is that the digits add up to 6. The letter “X” has another peculiar thing with it in pronunciations. It has 6 possible oracular and phonic sounds.

1. KS as in Extra and the last letter in Xerox
2. Z as in Xylophone and the first letter in Xerox
3. GZ as in Exit and Existence
4. JG as in Luxury and sexual (this sound is debatable)
5. KSH as in complexion
6. K as in exceed and excel

The letter “X” seems to follow the number SIX even in its spelling! With the first letter looking very much like the numeric character “6” so it looks like $6/X$. which would be a division equation with the unknown denominator with the numerator of 6. So if $X = 12$ then this can be reduced to $\frac{1}{2}$. If $X = 9$, then it can be reduced to $\frac{2}{3}$. But leaving it as X gives us the ominous unknown element; so in old treasure maps

where the X marks the spot; the spot is where the unknown treasure is supposed to be.

Now we are going to dive into something that is a bit weird. Words that end in “X”! In the King James Bible there are actually 13 words that end in “X”. So now we are introduced to a different number. And we will see how that 6 and 13 join together in unison with the letter “X” in a very remarkable way.

What is really strange about this is that when you alphabetize this list the sixth word is “Matrix”. The word “SIX” shows up as word 11 and the 13th word is “Wax”. This word “wax” is not like candle wax but this means become larger or stronger; synonyms: get bigger, increase or enlarge: like “The moon is waxing” where the antonym is wane.

The sixth word “Matrix” is of importance because it is by definition an array. This can be a circular array like the iris in the eye or the old camera lens shutter or the woman’s womb as it is used in the Bible. But a Matrix can also be a box shaped either square or rectangle. The usual array that is like this is a database or a spreadsheet. The computer chip architecture is built and based on an array matrix known as XY arrays. More modern arrays are stacked arrays also known as 3D arrays where they are XYZ arrays. The point of convergence of any array is unique to that array. This is how a keyboard works there is a horizontal path and a vertical path that are addressed. By pressing a certain key that triggers the horizontal and vertical paths for that key.

In dealing with these 13 words I will give a few of the reference for them and then we will talk more about the sixth word.

I am only giving you the first five references because the word Matrix only shows up five times in five verses. Now let’s look at this word in detail.

19:11-13, “And I saw heaven opened, and behold a white horse; and he that sat upon him was called Faithful and True, and in righteousness he doth judge and make war. His eyes were as a flame of fire, and on his head were many crowns; and he had a name written, that no man knew, but he himself. And he was clothed with a vesture dipped in blood: and his name is called The Word of God.” There is no mistaking who this is: Revelation 19:16, “And he hath on his vesture and on his thigh a name written, KING OF KINGS, AND LORD OF LORDS.” Look at those all caps and count the words and letters. 7 words and 25 letters: $2 + 5 = 7$; and the verse is 16: $1 + 6 = 7$. And the chapter is 19: $1 + 9 = 10$ & $1 + 0 = 1$. So he is the 777 and the ONE true God. (1 John 5:7 & 20)

Revelation 4:8, “And the four beasts had each of them six wings about him; and they were full of eyes within: and they rest not day and night, saying, Holy, holy, holy, Lord God Almighty, which was, and is, and is to come.”

Holy, holy, holy (777)

Lord God Almighty

Which WAS, and IS, and IS TO COME... (space and time)

The Father the Son the Holy Ghost,

These THREE are ONE.

What comes before the 777 is the 666 and right in the middle between Revelation 6 and 19 is a split between chapters 12 and 13 where another person shows up called The Beast. Revelation 13:1, “And I stood upon the sand of the sea, and saw a **beast** (word 13) rise up out of the sea, having **seven** (word 21) heads and ten horns, and upon his horns ten crowns, and upon his heads the name of **blasphemy** (word 39).” Isn’t that really strange that: $39 = 3 \times 13$.

Revelation 13:2, “And the **beast** (word 3) which I saw was like unto a leopard, and **his** (word 13) feet were as the **feet** (word 18) of a **bear** (word 21), and his **mouth** (word 24) as the mouth of a **lion** (word 30): and the **dragon** (word 33) gave him his **power** (word 37), and his **seat** (word 40), and great authority (word 43).” The numerics of this verse are staggering. The possibility of this being an accident is just impossible. The word spaces and count shows not only a divine authorship; but a blueprint of the middle of the seven year tribulation.

Revelation 13:3, “And I saw one of his **heads** (word 7) as it were wounded to **death** (word 13); and his deadly wound was healed: and all the world **wondered** (word 24) after the beast.”

Revelation 13:5, “And there was given unto him a mouth speaking great things and **blasphemies** (word 13); and power was given unto him to **continue** (word 21) forty and two months.” Now the question comes to mind; what did he continue from? How long was he around prior to his continuance? I believe he has been around for a long time. But the continuance was from his previous entry on a white horse with a bow in hand. From that time to this next showing and the deadly wound being healed he is continuing after being healed for three and a half years. This also begs the question: why was his head wounded in the first place?

Revelation 13:16, “And he causeth all, both small and great, rich and poor, free and bond, to receive a **mark** (word 18 = 3 X 6) in their right hand, or in their foreheads:”

Revelation 13:17, “And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.” The **MARK** or **NAME** or **NUMBER OF HIS NAME**. The mark used for personal designation is a signature. But illiterate people were told to put their mark down many signed with an “X”. So it became a location to place your signature on documents. Sign on the “X” – in other words: place YOUR mark on the X. And so “X” **MARKS** the **SPOT!** Strange how that is!

Revelation 13:18, “Here is **wisdom** (word 3). Let him that hath understanding **count** (word 9) the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.”

We are told to **COUNT** the number and we know it is the number of his name but not how it is associated with his name. We are told to **COUNT** it not place numbers on letters although this seems to be as good a figuring as any other.

We also know that it is the number of a man. This is not saying the number of man; but the number of “A” man. It is particular to a certain man. And then the number

is given as 666. But notice the verse that it is in: 18! 3 X 6 = 18. Now that is just too strange for words.

Here is a count of the numbers. This is where we started and here is where things will come to an end because 36 is 6 X 6.

The multiples will also bring this counting out in full with $111 \times 6 = 666$. This seems to show that God built in the number system the very numerics of the Bible.

The fact is that all the numbers from 1 to 36 = 666 and yet when you add just one more number to that (37) you get 703. In a sort of strange twist of things when you add that 37 you get the very numerics that you added. Now isn't that really strange. Furthermore when you take the verse number into account where 666 shows up which is verse 18 and multiply that by 37 you get 666.

In dealing with a 6 X 6 matrix array whereby we arrange the numbers 1 to 36 so that all rows columns and both diagonals are equal we get a mathematic constant.

$$\mu = \frac{\Delta \times \Delta}{2} = \frac{6 + 6}{2} = 111$$

Using this formula we can see this constant in any square matrix array. Where Δ the delta represents the

square number in this case 6 and μ the mu represents the Matricity numerics outcome.

No matter the arrangement of the numbers it will come out 111. This is two variations of this enigma. Now using the spreadsheet I created a dynamic matrix of the static form given the formulas in the starting sequence and incrementation of each given number thereby retaining the constant while making the overall matrix dynamic where I can alter the starting number and the incrementation number and the outcome is:

	666	666	666	666	666	666	666

But what does this all mean in light of the Bible? It is showing that in our number system there exists the very counting given in the verse where the number shows up with the verse number matching the very number we are counting. It is a clue as to the mapping of things in the Bible.

Maps in the Bible are evident as Isaiah is a complete map of the entire Bible where each chapter matches its respective book. The seven churches that Paul wrote to map the Church age generations of each local church that John's seven churches also map as the whole church age minus the apostolic generation. And yet there is a total overlapping of John's seven local churches because the local church is left behind in the tribulation for seven years. This is quite another map from the church proper because that local church has the body of Christ IN it and they are removed.

And then here is another such map based on the Crucifixion to Pentecost in days that shows the local church path. This is represented by days to years; while in the church age it is days to generations. So it would be 50 forty year generations and so $50 \times 40 = 2000$ years in length from the crucifixion (not from the birth date).

So now we are coming full circle back to the beginning of our study. The maps cause this to happen because the Bible is in a circle even though the timeline is a line eternity is a circle outside of time which means time is inside eternity. So timelines are very important.

The number of a man is interesting because all humans are made of one main element. We are carbon life forms. Carbon has the atomic weight of 6. That means there are 6 protons, 6 neutrons & 6 electrons. It is the main element that makes of the mass of your physical bodies. 666! Counting numbers is not an easy task; but really what does this mean: to count his number? Do we count from 1 to 666 and what do we get by this exercise? Wisdom? No, that is NOT what the passage SAID! Let's look at it again: Revelation 13:18, "**Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.**" The person of understanding will see the wisdom here to count this number by understanding it is the number of a man. Notice the previous verse: Revelation 13:17, "And that no man might buy or sell, save he that had the mark, or the name of the beast, or **the number of his name.**" so this number is associated with his NAME. But what is his name? Some people say this is Judas Iscariot. Others think this is in the past and it was Nero. Others suppose this is someone else and they try to link the value of the letters in names to add them up to 666. Everyone that studies this eventually tries to fit some name in this. But this "antichrist" must fit so many other qualifications as well. So we are not going to deal with this in this study but focusing in on the actual number as we have done.

I know this might disappoint some; but I do have many other studies on the subject and I do cover these things in other studies and even have placed these numerics on people but nothing is conclusive until this antichrist makes a treaty or covenant of some sort for world peace and puts Israel at the forefront of this peace plan. The UN would make a great place for him to work out from eventually. When he comes on the scene it will be during the feast of Tabernacles so he can claim the Messianic prophecies for himself. This is the time when the Lord Jesus Christ started His ministry. The treaty will be designed, created and written up a year prior to its declaration and confirmation. So the church will see this event take place; and then in about half a year around the next assention day we will be caught up and then at the next Tabernacles the Antichrist will announce his confirmation of this covenant for seven years (a week of years). Daniel 9:27, "And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate."

It is during this time when these events will take place: Daniel 8:9-14, "And out of one of them came forth a little horn, which waxed exceeding great, toward the

south, and toward the east, and toward the pleasant land. And it waxed great, even to the host of heaven; and it cast down some of the host and of the stars to the ground, and stamped upon them. Yea, he magnified himself even to the prince of the host, and by him the daily sacrifice was taken away, and the place of his sanctuary was cast down. And an host was given him against the daily sacrifice by reason of transgression, and it cast down the truth to the ground; and it practised, and prospered. Then I heard one saint speaking, and another saint said unto that certain saint which spake, How long shall be the vision concerning the daily sacrifice, and the transgression of desolation, to give both the sanctuary and the host to be trodden under foot? And he said unto me, Unto two thousand and three hundred days; then shall the sanctuary be cleansed.” 2300 days is 220 days less than the seven years of 2520 days. So this will not fit into the three and a half time of 1260 days and it is therefore reasonable to conclude that 2300 is within the 2520 days and the 1260 days given in various places of different events are not the same time even though the length is the same they all can fall inside a seven year period of time. For this see my study and timelines for the 3.5 or 7 Year Tribulation studies.

I have gone over and over these things in many of these studies and so many things tend to repeat and become a bit redundant. But I do believe there is ample evidence that supports a seven year tribulation time with a second half escalated and a first half a false peace.

The time is getting close and our dates are not accurate; our years are skewed by how much no one actually knows. These dates in all my studies represent the timeline as if 1 BC and 1 AD are the same year and accurate to the year. These represent the two sides of the same year. Christ being born in 1 AD would mean he was 1 year old in 2 AD. If you follow this that he was crucified when he was 33½ which would be in his 34th year it would be the year 35 AD. 2000 years from that time is 2035; but perhaps the 7 year tribulation is the end of the local church age where the Body of Christ or the Church proper is removed; this would make a seven year subtraction from that last generation and cutting the days short by seven years!
