

Greetings to you all,

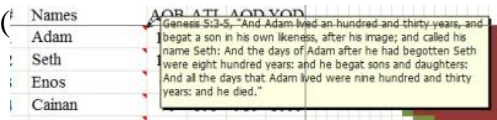

I am sending this to various people in this email under the blind carbon copy. This is a spreadsheet that I have been working on for a few years that shows a timeline from Adam to the Lord Jesus Christ. There is one cell that is editable (40) for the incrementation of viewable years (40).

I have found some of my data incorrect and have corrected it as far as I can tell it is biblically accurate; however, there could be a transposed number or something else wrong with it. If you have the time to look at it and comment on it in a return email I would appreciate it.

This timeline shows people that are contemporary with one another that you just don't see when reading through the Bible and shows an overview of the time down to each year (a bit wide).

If you don't have time to review it; I do understand. If you do have time and would like to run some of the references there are reference notes in the cells with the angled red markers ( ) that you can just mouse over to view ( ).

This was created with Office 2010 in Excel; so an older version may not open it correctly. The Timeline spreadsheet is locked from alteration aside from cell A4 to protect the coding but I have allowed viewing of all cells.

Please feel free to contact me ([david@av1611kjb.org](mailto:david@av1611kjb.org)) with any corrections needed that you have found if you want to sift through the notes. There is also a section on Cain's genealogy below and also the sons of God and their hybrid offspring (the devils after the flood). Then at the bottom is the list of the Kings of Judah for that part of the timeline with references.

Thanks for your time, have a great day in the Lord.

In Christ Jesus the Lord,

Bro. David A. Sargent
